INDEX.

ABBE, ROBERT, Nephrectomy for sarcoma of kidney, without recurrence after five years, 364; Neurofibromata of the cervical sympathetic, 487; Remarks on gastrostomy, 652; Remarks on operations without general anæsthesia, 667; Case of trephining and heteroplasty for traumatic epilepsy, 671; Remarks on appliances to replace a destroyed nose, 773.

Abdomen, Contusions of, discussion at the French Congress of Surgery, 384; Recovery after extensive wound of the, 745, 783.

Abdominal incisions, Some considerations on, 1.

Acromio-clavicular dislocation, Treatment of, 40.

Ambulatory treatment of fractures of the leg, 611.

American Surgical Association, Transactions of, Vol. xv., 1897, Review of, 398.

American Year-Book of Medicine and Surgery, 1898, Review of, 807.

Anæsthesia, Death during, from choking with vomit, 372; Operations without general, 581, 667.

Anteflexion of uterus, 348.

Antitoxine in the treatment of tetanus, 228.

Anus, Congenital absence of, 776.

Aorta and pulmonary artery, Pistol-shot wound of, 124.

Apperdicitis, Chronic colitis as a symptom of, 733; chronic, in syphilitics, Treatment of, 74, 101; Diagnosis, pathology, and treatment of, 303; obliterans, Pathology of, 618; Points in the technique of operations for, 78, 101; with pregnancy and a dermoid cyst, 659.

Ashhurst, John, Jr., Remarks on a case of hara-kiri, 787; on wiring fractured bones, 785; on typhlitis of non-appendical origin, 787; on osteotomy, 788.

Aspirating-needle, combined with a director, 69; Priority in, 400.

Astragalus, Excision of, for talipes, 529.

BANDAGE roller for gauze, 206.

Bangs, L. Bolton, Remote results of operations for renal tuberculosis, 14, 84.

Barton, James M., Operative treatment of appendicitis, 103.

Bile-ducts, Surgery of the, 697.

Biliary passages, Cases of surgery of, 529, 532, 535, 697.

Binnie, John F., Why may recurrent carcinoma be locally worse than the primary disease in the same region? 238; Contribution to the study of appendicitis obliterans, 618.

Bladder, Extraperitoneal rupture of, complicated by fracture of the pelvis, 151; Resection of, for tuberculosis, 368; stone in the, Treatment of, when associated with hypertrophy of the prostate, 571.

Bone-flaps, with skin, to remedy large defects in the tibia, 250; Repair of, on a buried prothetic apparatus, 690.

Brachial artery, Gunshot wound of the, 666.

Brain, Abscess of the, after traumatic periencephalitis, 57; Cyst of, relieved by trephine, 770.

Branchial carcinoma, 187.
Breast, Amputation of, by Kocher's method, 213; Carcinoma of, with simultaneous sarcoma in the submaxillary region, 65; Carcinoma, operations for extirpation of, 781; Recurrence after removal of cancer of, amputation of upper extremity in cases of, 111; Study of twenty-nine cases of carcinoma of, submitted to operation, 285.
BRIDDON, CHAS. K., Treatment of renal tuberculosis, 84; Result after operation for carcinoma of rectum, 90; Death during anæsthesia from choking with vomit, 372; Contribution to the surgery of the pelvis of the kidney, 416; Cases of amputation through the hip-joint, 524; Excision of astragalus for talipes, 529; Choledochotomy, 529; Cholecystotomy, 532.
BROWN, F. TILDEN, Case of cholecystotomy and carcinoma of the pancreas, 535; Remarks on vasectomy, 769.
Browning, The Normal and Pathological Circulation of the Central Nervous System, Review of, 693.
BRYANT, JOSEPH D., Obscure shoulder injury, 665; Nitrous oxide as an anæsthetic, 669; Plastic attempts to replace destroyed noses, 774.
BULLITT, JAMES B., Practical gauze bandage-roller, 206.

CARCINOMA, Why may recurrent, be locally worse than the primary disease in the same region? 238.
CARLE and FANTINO on Pathology and Operative Relief of Non-Malignant Pyloric Stenosis, Abstract editorial, 792.
Carotid excision for malignant growths, 127.
Castration for relief of obstructive hypertrophy of the prostate, Ultimate results of, 684; Value of, to facilitate detection of stone in the bladder in the presence of prostatic hypertrophy, 329, 383.
Catgut, Sterilization of, by the Jefferson method, 49.
Cerebral abscess following traumatic periencephalitis, 57; cyst, Trephining for, 770.
Cervix uteri, lacerations of, Surgical treatment of, 333.
Cholecystostomy, Improved technique for, 53.
Cholecystotomy, 532, 535.
Choledochocystotomy, Case of, 203.
Choledochotomy, 529.
Clamp, Use of, in ununited fractures, 553.
CLUTTON, HENRY HUGH, Contribution to the surgery of the sacral region, 253.
COLEY, WILLIAM B., Carcinoma of the breast, with sarcoma in the submaxillary region in the same individual, 65; Amputation of hip for sarcoma in a young child, 91; Influence of injury upon the development of sarcoma, 259; Cases of sarcoma of fibula and of tibia, 370.
Colitis, Chronic, as a symptom of appendicitis, 733.
Colon, Resection of, 661.
CUMSTON, CHARLES G., Varicose veins and their treatment by Trendelenburg's operation, 626.
Curettage for endometritis, 146.
CURTIS, B. FARQUHAR, Treatment of renal tuberculosis, 84; Examination of rectum by endoscope, 91; Ligation of the first part of the subclavian artery, 540; Cyst of the tongue, 662; Trephining for cerebral cyst, 772.
CUSHING, H. W., Wounds of the thoracic duct in the neck, 719.
Cystoscopy in the male, 475.

DA COSTA, JOHN C., Case of gunshot wound of the lung, 97.
DAVIS, GWILYM G., Complete removal of the penis and testicles for malignant disease, 210; Use of iodoform, 679; Treatment of compound fractures, 784; On osteoclasis, 790.

DAWBARN, R. H. M., Carotid excision for malignant growths, 127; Use of potato plates for intestinal anastomosis, 544; Vasectomy for hypertrophy of the prostate, 766.
DEAVER, H. C., Operative treatment of appendicitis, 104.
DEAVER, JOHN B., Case of swallowed foreign bodies located by the Röntgen rays, 64; Points in the technique of the operation for appendicitis, 78, 106; Operative treatment of carcinoma of the breast, 113; Remarks upon the differential diagnosis, the pathology, and the treatment of appendicitis, 303; Radical cure of inguinal hernia, 459.
DIXON, CHARLES H., Case of choledochocystotomy, 203.
DOWD, CHARLES N., Study of twenty-nine cases of carcinoma of the breast submitted to operation, 285.
DULLES, CHARLES W., Remarks upon tetanus, 234.

EDEBOHLS, GEORGE M., The other kidney in contemplated nephrectomy, 425.
Electrolysis for uterine fibromyoma, 353.
Endometritis, 143.
Epilepsy, traumatic, Trephining for, 670, 770.
Eyeball, Partial resection of, 640.

FACE, Case of epithelioma of skin of, with unusual course of lymphatic transmission, 193.
Fæcal fistula relieved by exclusion of segment of intestine, 537.
FARIES, RANDOLPH, Lateral curvature of the spine in a cured case of Pott's disease, 209; Operation for uraniscoplasty, 374.
Female generative organs, Diseases of, 129, 333, 491.
Femur, fractures of, Treatment of, 594; Sarcoma of, in a young child, 91.
FENGER, CHRISTIAN, Surgery of the bile-ducts, 697.
Fibrolipoma, Retroperitoneal, 657.
Fibromyomata of uterus, Treatment of, 350.
Fibula, Excision of, for sarcoma, 741.
Fractures, compound, Use of wire for fixation of, 785; How to hasten consolidation in cases of delayed union, 95; of the lower extremity, Treatment of, 593; Radiographs of, 653; Ununited, treated with bone-clamp, 553.
FRANKLIN, MELVIN M., Traumatic perienchephalitis with cerebral abscess, 57.
FREEMAN, LEONARD, Forcible straightening of the spine in Pott's disease, 463.

GALL-BLADDER, floating, Case of, with cholelithiasis, 199; Observations on surgery of the, 711; Improved technique in operations on, 53.
Gastro-enterostomy for non-malignant pyloric stenosis, 796; Posterior, with Murphy's button, 769.
Gastrostomy by Marwedel's method, 650.
Generative organs, female, Diseases of, 129, 333, 491.
GERSTER, ARPAD G., Hydronephrosis for ureteral calculus, 543; Case of subphrenic abscess and pyopneumothorax, 647; Subphrenic abscess and pyæmia, 647; Sarcoma of retained testicle, 649; Retroperitoneal fibrolipoma, 657; Appendicitis complicating pregnancy, 659; Fracture of neck of humerus with dislocation of head, 660; Remarks on operations without general anæsthesia, 667.
Gigli's wire saw, 658.
Gloves, Use of, in surgical operations, 224.
Goitre, substernal, Case of, 764.

HALL, ERNEST, Method for partial resection of the eyeball and of the optic nerve, 640.
Hara-Kiri, A case of, terminating in recovery, 745, 783.

HARTE, RICHARD H., Treatment of appendicitis, 101; Use of iodoform, 677; Radical cure of hernia, 682; A case of hara-kiri, which terminated in recovery, 745, 783; Remarks on osteotomy, 790.
HARTLEY, FRANK, Observations on the etiology of tumors, 401.
HEARN, W. J., Operative treatment of cancer of the breast, 114; Remarks on tetanus, 236; Operation for saddle-nose, 377; Use of iodoform, 679; Wiring fractured bones, 785; Pericæcal abscess without appendicitis, 786.
Hepatoptosis, Surgical treatment of, 115.
Hernia, Lumbar, following nephrorrhaphy, 539; Modified operation for the radical cure of, 459.
Hip, Amputation of, for sarcoma of femur, 91; amputation, Cases of, 524, 753; Congenital dislocation of the, 249.
HOMANS, JOHN, Combined aspirating needle and director, 69; Priority in devising a grooved aspirator needle, 400.
HOPKINS, W. BARTON, Operative treatment of pneumo- and pyothorax, 216; Operation for the relief of scaphoid sternum, 219; Osteotomoclasis; A modified operation to correct curved tibiæ, 788.
HORWITZ, ORVILLE, cases of secondary syphilis complicated with chronic appendicitis, Treatment of, 74, 101; Value of castration to facilitate detection of stone in the bladder, in the presence of prostatic hypertrophy, 329, 383.
HOTCHKISS, L. W., Case of complete traumatic rupture of the urethra, 83; Treatment of renal tuberculosis, 88.
Humerus, Compound fracture of the, 783; Fracture of neck of, with dislocation of head into axilla, 660.
Hydrogen peroxide, Dangers attending use of, in certain cases, 382.
Hydronephrosis, Case of, 367; from stone impacted in the ureter of a child, 643.
Hysterectomy for myoma, 355.

ILEO-CÆCAL coil, Resection of the, 729.
Intestinal anastomosis with potato button, 543; fistula, Result of operation for, 363.
Intestine, Exclusion of segment of, for relief of fæcal fistula, 537; Obstruction of, by Meckel's diverticulum, 448; resection of, for gangrene, 650.
Iodoform, The abuse of, 676.

JOHNSON, ALEXANDER B., Removal of nose for epithelioma, 772; Traumatic rupture of the kidney, 774.
JONAS, AUGUST FREDERICK, Contribution to the surgery of the suprarenal capsule, 436.
JONES, WILLIAM D., Improved technique for avoidance of fistula after cholecystostomy, 53.

KAMMERER, FREDERICK, Resection of the bladder, 370; Exclusion of segment of intestine for relief of fæcal fistula, 537; Case of intermittent hydronephrosis, 542; dislocation of the thumb reduced by operation, 654; Exploratory nephrotomy, 655; Suprapubic lithotomy, double nephrotomy, nephrectomy, 663; Local anæsthetics, 669; Case of substernal goitre, 764; Results of vasectomy for hypertrophy of prostate, 768; Traumatic rupture of the kidney, 775.
KEEN, WM. W., Sterilization of catgut by the Jefferson method, 49; Treatment of carcinoma involving walls of great vessels, 94; Case of gunshot wound of the lung, 100; Cystosarcoma of the omentum, 220; On the use of gloves in surgical operations, 224; Dangers attending use of peroxide of hydrogen in certain cases, 382.
KELLY, HOWARD A., Cystoscopy and catheterization of the ureters in the male, 475; The examination of the bladder and the catheterization of the ureters in men, 71.

KEYES, EDWARD L., Treatment of stone in the bladder, when associated with hypertrophy of the prostate, 571.
Kidney, Abscess of, subjected to nephrotomy, 366; tuberculosis of, Nephrectomy for, 368; Contribution to the surgery of the pelvis of the, 416, 542; The other, in contemplated nephrectomy, 425; Floating, with floating gall-bladder, 199; Sarcoma of, no recurrence after nephrectomy, 364; Traumatic rupture of the, 774.
Kidneys, Surgical affections of the, 643, 655, 663; tuberculosis of, Remote results of operations for, 14, 84.

LANNELONGUE'S sclerogenic method in tuberculosis, Results of, 251.
Laryngectomy, Results after, for carcinoma, ir Bergmann's clinic, 246.
LE CONTE, R. G., Operative treatment of appendicitis, 105; Congenital absence of anus and rectum, 776.
Leg, fractures of the, Treatment of, 606.
LILIENTHAL, HOWARD, Operations without ether or chloroform narcosis, 581, 669; Resection of transverse colon for cancer; no return after three and a half years, 661.
Lithotomy, Suprapubic, 663.
Liver, floating, Surgical treatment of, 115.
LLOYD, SAMUEL, Excision of fibula for sarcoma, 741.
Lung, Case of gunshot wound of, 97.

MCBURNEY, CHARLES, Exploratory nephrotomy, 655.
MCCOSH, A. J., Treatment of renal tuberculosis, 87; Lumbar hernia following nephrorrhaphy, 539; Trephining and heteroplasty for traumatic epilepsy, 670.
Mallory's Manual of Pathological Technique, Review of, 395.
MARKOE, F. H., Remarks on vasectomy, 767.
Mattress for operating-table, 682.
MEARS, J. EWING, Drainage after operations for appendicitis, 105; Treatment of tetanus, 237; Treatment of temporomaxillary ankylosis, 672; Use of iodoform, 681; Correction of curved tibia by accidental fracture, 791.
Meckel's diverticulum as a cause of intestinal operation, 448.
Meigs on the Origin of Disease, Review of, 695.
Metritis, 143.
MEYER, WILLY, Technique of nephrectomy, 369; Treatment of renal tuberculosis, 86; Proctotomy for papilloma of the rectum, 88; Roberts's operation for prolapse of the rectum, 89; Case of resection of small intestine for gangrene, 650; Gastrostomy by Marwedel's method, 650; Gigli's wire saw, 658; Remarks on vasectomy, 767; Posterior gastro-enterostomy, 769; Trephining for intracerebral cyst, 770; Artificial nose, 773.
Military Surgeons of the United States, Proceedings of the Association, Meeting of 1897, Review of, 805.
MITCHELL, JAMES F., Extraperitoneal rupture of the bladder, complicated by fracture of the pelvis, 151.
MONTGOMERY, DOUGLASS W., Case of epithelioma of the skin of the face, with unusual course of infection of lymph nodes, 193.
Moore, Treatise on Orthopædic Surgery, Review of, 692.
MORTON, THOMAS G., Use of iodoform, 677; Compound fracture of the humerus, 783.
MORTON, THOMAS S. K., Case of tetanus treated by antitoxine, 232; Use of iodoform, 680; Congenital absence of anus, 781.
Murphy's button, Use of, in gastro-enterostomy, 769.
MURRAY, F. W., Tuberculosis of kidney and bladder, 369.
Myomectomy, Abdominal, 351.

NEPHRECTOMY, The other kidney in complicated, 425.
Nephrorrhaphy followed by lumbar hernia, 539.
Nephrotomy, Cases of, 366, 368; and nephrectomy for pyonephrosis, 663; Exploratory, 655.
Nervous System, Central, Review of Browning on the Circulation of the, 693.
New York Surgical Society, Transactions of, 83, 88, 363, 524, 647, 654, 661, 764.
NOBLE, W. H., Operations for breast carcinoma, 781; Cases of hip-joint amputation, 753.
Nose, Epithelioma of, 772; saddle-, Operation for, 377.

O'CONOR, JOHN, Surgical treatment of acute rheumatic arthritis, 177.
OLIVER, JOHN CHADWICK, Resection of the ileo-cæcal coil, 729.
Omentum, Cystosarcoma of the, 220.
Operating-table mattress, heated electrically, 682.
Origin of Disease, Review of Meigs on, 695.
Orthopædic Association, American, Review of the Transactions of, Vol. X., 1897, 552; Surgery, Review of Moore on, 692.
Osteotomoclasis, 788.
Ovaries, Remote results of the removal of both, 125.

PANCREAS, Carcinoma of, 371, 535.
Paré, Ambroise, Review of Paget's Life of, 802.
PARKHILL, CLAYTON, Use of the bone clamp in ununited fractures, fractures with malunion, and recent fractures with tendency to displacement, 553.
Patella, fractures of, Treatment of, 601.
Pathological Technique, Review of Mallory's Manual of, 395.
Pelvis, Fracture of, complicated by extraperitoneal rupture of the bladder, 151.
Penis, malignant disease of the, Treatment of, 210.
PENROSE, CHARLES B., Tetanus after trachelorrhaphy, 231, 236.
Pericæcal abscess, without appendicitis, 786.
Perineum, Injuries of, 133.
Peritoneum, Review of Robinson on, 396.
PERKINS, JOHN W., Case of hydronephrosis from stone impacted in the ureter of a child, 643.
Pes valgus, Correction of, 375.
Philadelphia Academy of Surgery, Transactions of, 101, 228, 672, 783.
Philadelphia College of Physicians, Transactions of the surgical section of, 93, 209, 374, 776.
PILCHER, JAMES E., Proceedings of the Association of Military Surgeons of the United States, 1897, Review of, 810.

PORTER, WILLIAM G., Cases of tetanus treated by antitoxine, 228; The abuse of iodoform, 676.
Pott's disease, Forcible straightening of the spine in, 463.
POWERS, CHARLES A., Branchial carcinoma, 187.
Pregnancy complicated by fibromyoma of uterus, Cases of, 362.
Prolapsus of uterus, Treatment of, 341.
Prostatic hypertrophy, with stone in the bladder; Value of castration in cases of, 329, 383; complicating stone in the bladder, Treatment of, 571; Ultimate results of castration for, 684; Vasectomy for, 766.
Pulmonary artery and aorta, Pistol-shot wound of, 124.
Pylorus, Pathology and operative relief of non-malignant stenosis of the, 792.
Pyopneumothorax, Operative treatment of, 216.

RADIUS, Fracture of the head and neck of, 365; Fracture of the head of, 536.
Rectum, Congenital absence of, 776; Pathology and treatment of strictures of the, 545; Proctotomy for papilloma of, 88; Prolapse of, treated by Roberts's operation, 89; Result of operation for removal of, 90; Endoscopic examinations of the, 91.
Retroflexion of the uterus, Anterior cuneo-hysterectomy for, 248; Treatment of, 535.
Rheumatic arthritis, Surgical treatment of acute, 177.
RHOADS, THOS. L., Treatment of acromio-clavicular dislocation, 40.
ROBERTS, JOHN B., Excision of subclavian vein, 93; Treatment of delayed union in fractures, 95; Amputation of upper extremity, in recurrence of malignant disease after excision of the breast, 111; Tetanus after abortion, 233, 236; Tarsectomy for talipes, 776.
Robinson on the Peritoneum, Review of, 396.
Röntgen rays, Use of, to locate swallowed foreign bodies, 64.
Round ligaments, Shortening of, for retroflexion, 337.

SACRAL region, Contribution to the surgery of the, 253.
Sacro-coccygeal tumor, Successful excision of, 255.
Saddle-nose, Operation for, 377.
Sarcoma, Influence of injury in the development of, 259; of fibula, 370, 741; of tibia, 371.
Semilunar bone, Traumatic dislocation of the, 365.
Serum-therapy in staphylococcus infection, 242.
SHOEMAKER, GEORGE E., Use of iodoform, 678; Chronic colitis as a symptom of appendicitis, 733.
Shoulder, Recurrent dislocation of the, 364; Obscure injury of, 665.
SIMPSON, FRANK FARROW, A surgical washstand, 759.
Smith on Spinal Caries, Review of, 398.
Spina bifida, sacral, Successful excision of, 253.
Spinal Caries, Review of Noble Smith on, 398.
Spine, Forcible straightening of, in Pott's disease, 463; Lateral curvature of, in a case of cured Pott's disease, 209.
Staphylococcus infection, Immunization and serum-therapy in, 242.
Sternum, scaphoid, Operation for the relief of, 219.
STIMSON, LEWIS A., Recurrent dislocation of the shoulder, 364; Traumatic dislocation of the semilunar bone, 365; Fracture of the head and neck of the radius, 365; Irreducible unilateral dislocation of temporo-maxillary joint, 366; Diagnosis of stone in kidney, 369; Fracture of the head of the radius, 536; Intestinal anastomosis with potato-button, 543; Radiographs of fractures, 653.
Stomach, Opening of, by Marwedel's method, 650; Pathology and operative treatment of non-malignant stenosis of the pyloric orifice of, 792.
Stone in the bladder, with prostatic hypertrophy; Value of castration to facilitate detection of, 329, 383.
Subclavian artery, Ligation of the first part of the, 540.
Subclavian vein, Excision of, 93.
Subphrenic abscess and pyopneumothorax, Case of, 647; and pyæmia, 647.
Suprarenal capsule, Contribution to the surgery of the, 436.
Swallowed foreign bodies located by the Röntgen rays, Cases of, 64.
Sympathetic, Neurofibromata of the cervical, 487.
SYMS, PARKER, Remarks on operations without general anæsthesia, 668.

TALIPES, Excision of astragalus for, 529; Tarsectomy for, 776.
Tarsectomy for talipes, 776.
Temporo-maxillary ankylosis, 572; Joint, Irreducible unilateral dislocation of, 366.
